Not Only Canned Goods— But Canned Goodness

The fairest gardens in all the land yield their finest products for the Solitaire market basket. We gather them from different localities, each one of which is famed for some one product, just as Colorado is famed for climate.

For instance, we go to Maine for Solitaire Corn, to Hawaii for Solitaire Pineapple, and so on down the line. We could buy them cheaper, but then they would not be up to the Solitaire reputation for quality.

"The Best the Grocer Can Deliver"

Here are a few members of the Solitaire family: Canned Tomatoes, Canned Corn, Canned Peas, Canned Beans, Canned Potatoes, Canned Apples, Canned Fruit, Canned Juice, Canned Oil, Canned Syrup, etc.

MAYOR HARRISON SYMPATHIZES WITH MAYOR SELLERS

Says Reform Wave Also Has Hit Chicago and Declares Tight Lid Has Done Harm to City.

DEPLORES WRECKING OF OLD SHERIDAN HOME

Distinguished Tourist Spends Day Seeing Albuquerque and Regrets Loss of Valuable Historic Monument.

Chicago is having the same sort of a reform wave that made itself felt in the election here, Mayor Sellers learned last night, when he called to pay his respects to Carter H. Harrison, mayor of Chicago, at the Alvarado hotel. Mayor Harrison stopped over on his way from Laguna to Santa Fe Wednesday night to look over the reservation at Domingo and to see something of Albuquerque. He was at Domingo yesterday, returning here on train No. 1 last evening. When Mayor Sellers learned that the Chicago executive was in town, he hastened to the Alvarado to welcome the distinguished visitor and tender the freedom of the city and the use of the famous mayoral car.

The two mayors met in the lobby.

Most Skin Trouble Readily Overcome

The Active Principle of a Famous Remedy Works Wonders.

Many people have marveled at the way S. S. S. overcomes skin troubles. The explanation is the fact that S. S. S. works in the blood and the blood is really a most intricate and extraordinary mass of arteries and veins.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood stream just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains one ingredient, the active principle of which is to stimulate the tissues to the healthy selection of its own essential nutrients. And this medicinal element of this matchless blood purifier is just as essential to well-balanced health as the nutritive elements of the meats, grains, fats and sugars of our daily food.

Not one drop of mineral or drug is used in its preparation. Ask for S. S. S. and just insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the Medical Department, The Swift Specific Co., 529 Swift Bldg., Atlanta, Ga.

Do not allow some scoundrel clerk's eloquence over something "just as good" as S. S. S. to fool you with the same old mineral drugs. Beware of all substitutes. Insist upon S. S. S.

GOVERNOR THINKS BETTER FEELING WILL FOLLOW VISIT

Executive Was Royally Entertained by Arizona Governor and Citizens of Douglas.

AGUA PRIETA INCIDENT WAS NOT IMPORTANT

Says Traces of Old Antagonism roused During Joint Statehood Fight Are Rapidly Disappearing.

"I was royally entertained by the people of Douglas and had a very pleasant, interesting and profitable visit," said Governor W. C. McDonald, who was in the city this morning returning to Santa Fe from his recent meeting with Governor Hunt at the southern Arizona city. State Engineer French who accompanied the governor to Douglas is returning by way of Phoenix, being desirous of seeing more of Arizona road construction than was possible during the two-day visit at Douglas.

"The Agua Prieta incident was unduly magnified by the reporters," said the governor this morning. "Governor Hunt and myself, with quite a party, went across the border for a little sightseeing. Adjutant General Harris went along not as any kind of an official escort, but merely as one of our party. He wore his side arms, the officers at the conference being in full uniform. He was not actually placed in jail, but was told he would have to remove his weapons, which he did at Governor Hunt's suggestion. That was all there was to it.

"I think better feeling between the people of the two states will result from the meeting at Douglas. You know there has been some remnant of the old feeling left which was aroused during the joint statehood fight when Arizona got the idea that New Mexico and not congress was seeking to force the joint statehood issue to a conclusion. We talked roads and general conditions and reached a much better understanding about road construction than has existed before. The whole affair was very pleasant and the entertainment offered Governor Hunt and myself was most cordial.

COOK BOOK

Use any cook book you please—the one you have always known, or any new one if you prefer. Merely use

Cottolene

wherever the directions say butter or lard, always remembering to use one-third less Cottolene, for Cottolene goes much farther than either butter or lard.

You really have to save money if you cook with Cottolene, for according to chemical laws, a certain amount of flour can only contain a certain amount of shortening. If you were to use as much Cottolene as the recipe called for of butter, you would have too much Cottolene. This might do no harm, except in cakes, which might fall because of being too light and delicate. Yes, this applies to every department of the cook book, even to candies.

For example, just try this:

CODFISH BALLS

Take a pint bowl of codfish picked very fine, two pint bowls of raw peeled potatoes, sliced thickly, and boil in cold water until the potatoes are thoroughly done. Drain off the water, mash, add butter the size of an egg, one well-beaten egg and three tablespoons of milk. Flour the hands and make into balls. Put two ounces of Cottolene into a frying pan, and when hot, fry the balls to a nice brown. Or the codfish balls may be fried in hot Cottolene after the manner of fritters.

Our FREE Cook Book, HOME HELPS, will be found a valuable supplement to any books you may now be using. Write for a copy—also order a pail of Cottolene of your grocer.

PETITION OUT BY BUSINESS MEN FOR M'MILLIN

Will Ask Mayor Boatright to Leave Chief of Police in Charge of Office Next Two Years.

As the result of an informal meeting of business men held yesterday afternoon in the Commercial club, attended by Mayor Elbert Boatright and some thirty prominent business men, a petition is being circulated in the business district today and is being signed on every hand, asking the new mayor to retain Chief of Police Thomas McMillin in office. The men at the conference yesterday afternoon were unanimously in favor of the retention of the chief as a business proposition for Albuquerque and so told the mayor who did not commit himself.

The only action taken was the endorsement of the chief and the signing by those present of the petition which is being circulated among business men today.

Mayor Boatright has not yet indicated that he does not intend to reappoint chief McMillin.

QUO VADIS DRAWS HUGE CROWDS TO THE CRYSTAL

Greatest Motion Picture Production Ever Brought to Albuquerque Will Be Presented Tonight for Last Time.

The production of "Quo Vadis" at the Crystal theater last night ranks as the most elaborate motion picture production ever seen in Albuquerque. The pictures are clear, impressive in their dignity and scene and wonderfully true in picturing the life of the days of the Christ. The production is a certain to draw a large attendance tonight which will be the final appearance of the picture.

GUARDSMEN GOING AFTER SOME OF PRIZE MONEY

Interest and Rivalry Among Crack Shot of Company G Over Rifle Competition; Command Highly Efficient.

Great interest and rivalry has been aroused in Company G, New Mexico National Guard, by the recent order of Adjutant General Herring providing for the start of competition in rifle practice. Company G has some expected that they will land a large share of the prize money.

The recent federal inspection of Company G revealed its high standard of efficiency, and under the able instruction of Sergeant Dennis Burns, of the regular army, the command is still improving. Sergeant Burns is the instructor detailed to New Mexico by the war department.

Company G now has the minimum number of men required by the war department, but recruiting will continue until the maximum of 112 enlisted men are in the ranks. The readiness of the summer maneuvers is proving a strong drawing card in attracting recruits.

Captain W. P. Hines states that while no orders have been issued for the encampment, it is most likely that the New Mexico guard will maneuver at some of the regular army posts or maneuvering grounds. The date of the encampment has not yet been fixed.

MORE MONEY VOTED FOR BREAKWATER

County Surveyor Pat Ross was authorized by the county commissioners today to expend \$100 more on the breakwater above Barleta bridge. The contract for sinking 25 poles for the extension of the breakwater 20 feet was awarded to J. H. Sanchez. The payrolls for the surveyor were approved. M. H. Springer was made temporary chairman of the board in the absence of Alfred Grunfeld, who has gone to Europe on a pleasure trip.

The highest mountain in Montana, Granite Peak, with an altitude of nearly 13,000 feet, is in the heart of national forest.
